Stonehenge

Stonehenge

Stonehenge is a **prehistoric** monument **located** in England. You find it in the **county** of Wiltshire, about 13 kilometres north of the town Salisbury. Stonehenge is made of **large stones** standing in **circles**.

No one **knows** who **built** it or why they built it. During the summer **solstice**, the **sunrise** lines up with some of the large stones.

Perhaps Stonehenge could have been a kind of **calendar**.

Dead people were also **buried** here, so it was a kind of **cemetery**.

The name Stonehenge comes from an Old English word *Stanhengist* meaning *the hanging stones*.

Answer the questions.

1. Where is Stonehenge located?

2. What is Stonehenge made of?

3. What happens at Stonehenge during the summer solstice?

4. In what way are the large stones at Stonehenge placed?
